**2007 Nonprofit Corporation Delinquency Notices mailed (click)**

Pursuant to section 923(1) of the Nonprofit Corporation Act, when a nonprofit corporation has not filed its report within 90 days of the due date, October 1, the administrator shall notify the corporation by mail directed to the registered office.

In December we mailed delinquency notices to the registered office of those nonprofit corporations that have not yet filed their 2007 Information Update. A 2007 Nonprofit report was also enclosed.

Michigan Corporations can file online at [www.michigan.gov/fiileonline](http://www.michigan.gov/fiileonline) and you can view the filed report immediately after the filing is processed on the [Business Entity Search](#) link.
